Dear Senhor De Paula,

It is the unanimous wish of the Members of my Club that I should convey to you their thanks for, and appreciation of, the address you gave to the Club on Tuesday last. All the Members found it thoroughly enjoyable and were full of admiration for your excellent and fluent English and your delightful manner of speaking.

With this letter to you is also one for Senhor Vicente Burian, President of the Rotary Club of Vitória-Oeste, which I place in your charge for delivery to him.

We hope that you have had an enjoyable and profitable stay in this country, and that you also found to your liking the time you spent with some of our Members and with the Club in general.

We wish you well for your future; we hope that you will retain pleasant memories of this country and of us; and that you will have a safe and pleasant journey back to Brazil, which you clearly love so much.

With all best wishes,

I am,

Yours sincerely,

*Jonathan A. Davies*
